What Is The Mean High Water Level Of Okeechobee? - Read The Facts!

PROPOSED LAKE REGULATION

Presented by the U.S. Army Corps of Engineers

May 20, 1959

THE SHADED AREA "Winter Growing Season" with water at 14.5 MSL "damage to land begins" indicates water table that can be tolerated by winter vegetables in Lake Okeechobee.

The dot-dash line, next above, indicate elevation 15.56, the lake level which is the maximum for the islands, and which is the minimum of the present so-called "regulation".

The 16.4-line next above is the level at which everyone contends will be the final maximum regulation figure. The water level then will drop down according to the dip in the line to 15.56 during the summer.

Central & Southern Florida claim that as long as the "regulation" have the water down to 15.56 - the present high point, Okeechobee island farmers just can't be drowned.

Records of the US Engineers, and C & S F C D I (if they can find them) are available to show just how many times "regulations" have kept the water level down during the farming seasons since 1915, 1922, 1926, 1928 and 1947.

"It is difficult to ascertain definitely the effect of the project on the lake lands," says Uncle Sam's "slide rule engineer".

"However, with existing controls, it has been impossible to maintain lake stages within the desired range, and, during the last 10 years the stage has varied between elevations 10.2 and 18.5 mean sea level," they also say.

They continue "to say" that since the building of the dike, to confine waters in a designated drainage area, the water levels are being raised to the Lake to elevation 24 MSL more water now leaves the lake, despite the dike, than before they added, and quicker.

They say that 4850 cfs have been added to the water flow since '47, and in the next few tell you that they have also added 6,180 cfs in stations 2 and 3, in inflow to the Lake.

"They say the slide-rule boys are being raised to charge the excess waters from the lake as fast as possible without causing excessive damage to the Stuart area or along the (Continued on Page Eight)

Pile Driver Destroys Power Supply At BGHS

Construction workers at Belle Glade High School dropped a pile driver through the school's main power line, causing a blackout of everything using electricity.

An electrical contractor set to repair the damage, since the power line is not Florida Power and Light responsibility.

Besides lighting fixtures, the school will need to buy and replace its address system, control machines and about half of the stoves in the Home Economics Department.

Veterans of Foreign Wars Post 8181 at Belle Glade completed a project last week by placing "Safety First" signs in nine areas of the city, according to Commander Art Parks.

SAFETY FIRST is being stressed as traffic control platforms are created at Belle Glade Elementary School where Safety Patrol boys stand to direct youngsters across NW 7th St. Patrol members seen in the picture are (l-r) Dennis DeSoto, James Johnson, John Johnson, and Paul Smith, all members of the Junior Chamber of Commerce.

Chamber Of Commerce

Has Valuable Information

Many folks do not realize the wealth of services provided by a chamber of commerce. Such may be true of the Belle Glade Chamber of Commerce.

For instance, did you know the chamber has telephone directories for nearly a dozen major U. S. Cities and many points in Florida? These books are held is needed will find directories there for Chicago, Atlanta, Minneapolis, Philadelphia, Detroit, New York, Cleveland, Dallas, Washington, etc.

Also, did you know about chambers of commerce in cities of 5,000 or over plus books and folders on U. S. and state governments, attorneys, newspapers and local publications?

And, did you just gotta get away from it all, you'll find vacation information on more than 60 towns and cities in Florida.

Government Surplus Food Discovered In Our City Youth Bites Mailman

Belle Glade mail carrier, Aubrey Arnold, strolled into the post office last week returning from his daily delivery run and announced, "Well, I got bit to-day."

Pressing for more information, the assistant postmaster asked if he wanted to make a report of it to him.

"I don't mean a dog-bit," he replied. "A child bit me. If I hadn't had on plenty of clothes, he would surely have taken some of my skin." He then stopped, his complexion turning pale and said, "Mr. Mailman, I just don't know what I'm going to do with my son. He just loves to bite white people."

It appears that our boy could easily find more delectable cuts of meat in town without resorting to gnawing on our parcel pushers.

NEGRO NEWS

Okeechobee Center News

More recreational activities are being planned for Okeechobee Center through Reverend William Brooks, Oliver Davis, and other interested workers.

Tentative plans for softball and baseball teams for both adults and youngsters will be formed soon.

Last week a semi-pro basket-

ball squad, coached by Davis, squad, 39-26. A game among younger players was postponed; however, Reverend Brooks expects to reschedule the game.

The Curriculum Study Group met at Okeechobee Elementary School Thursday, Mar. 13 where a report on the guidance program at the school was presented by St. Elmo Greaux.

Greaux pointed out that every teacher has the responsibility of helping children become good

citizens in the community, and that the heart of the guidance program lies in the teacher.

The State Board of Health mobile dental clinic began at the elementary school Mar. 19 and will remain until Mar. 24. First and second graders will be examined and treated.

Children Will Attend Migrant Meeting Held At Avon Park Mar. 28-30

Preparations are nearly complete for the Ministry to Migrant State meeting at Avon Park, Mar. 28-30, states Reverend William Brooks.

About 30 children from Glades migrant schools will attend.

They will participate in discussions on leadership and human relations, and will report their findings in a post conference meeting here. Representatives from Everglades, Canal Point and Okeechobee Centers are expected to attend.

Reverend Brooks will be S. L. Teague and Nurse Ivory Brooks, Palm Beach County Health Department representative.

What Is Mean High Water

(Continued from Page One)
Caloosahatchie River."

Our US Corps of Engineers is planning to raise the water level in the river to 15.56 MSL, as the "Meander Line." The US Engineers issued a permit to allow the water level to be brought to 15 feet (15.56 MSL). Reference Library of Congress, October 1953.

The I. I. Board decided to raise the water level to 15.56 MSL, at the expense of the landowner, at the opposition of Native Americans and US District Engineers, Jones, thereby agreeing with the US Engineers action of lowering the high water mark to 15.56 MSL.

Now somebody comes along and sets "regulations" between 12.5 and 15.56, seemingly without regard to the legal "high water mark."

Do you believe that it would be wise not to around Lake Okeechobee water would have had to stay at and around level, staying there longer?

DO YOU BELIEVE that water would not have run off over a 14 1/2 rim, would it have piled itself up in the middle of the lake offshore from the islands?

Attorney General says "the taking of private property for public use" occurs "whenever the water cause water to rise above average mean high water level."

Despite these facts, legal advice to the PTA and US District Engineers, Jones, say that whatever either of them do between Tallahassee and GOD, and neither can be sued, they say "we ain't doing nothing to you."

Just how far can public servants go in arrogantly disregarding rights of citizens?

How Much Automobile Liability Insurance Should You Carry?

HERE'S A GOOD RULE:

Add up the cost of your car, securities, business interests and other property. Say this runs in the neighborhood of \$35,000. The proper amount of insurance to carry would be \$50-100,000 with \$25-50,000 considered a bare minimum by prudent people. Extra protection costs so little you should not be without it. Call us.

This Owl Doesn't Give A Hoot!

In Greek mythology Pegasus was a flying-type horse, coming with the word that each misspelled, were fourth-grade van Willis (lease) and Brenda Sue Kelly (fiftieth), fifth-grade —Yolanda Franklin (piano) Roberta and Shirley Shireen (Robert) sixth grade — Neil Walker (um) and Dick Willis (guile); seventh grade, Ginger Crichtield (regards) and Gloria Motes (acoustic); eighth grade Gail Masonic (feudal) and winner Ruth Schnier.

Class finalists 64 participants in the South Bay school assembly Friday morning. Ruth Schnier of the eighth grade ended first place in the Spelling Bee competition. Sharon G. Roberts of the fifth grade dropped out after having misspelled loveable.

As school winner, Ruth will participate in the Palm Beach County Spelling Bee, Saturday, March 23, beginning at 10:00 a.m. in the Palm Beach High School Auditorium. The county winner goes to the District competition in Miami on March 30. District winners then participate in the National Spelling Bee in Washington, D. C. the week of June 9-14.

A missing owl has been discovered at Belle Glade. This "Mr. Pegasus" is a monstrosity-faced owl, owned by Michael Mikovits at 1418 NW Ave. F, and he apparently creates as much mayhem as a real horse in the house. Some of this bird's habits aren't a-muse-ing.

Eleven-year-old Mike found the owl in a Wedgeworth Rd. recently built bridge on the back porch. Mike is a Cub Scout in Pack 622, Den 4 here, and he's interested in wildlife.

The owl was nursed back to health by feeding him worms and large mealworms and bread.

"Mr. Pegasus" has disrupted family life a bit around the Ed Mikovits residence. The youngsters, Eddie, Jr., 15, Debbie, 9, and Michael, 7, have been in playful romps with the club-footed little rascal, and Mr. P appears to be having a good time, playfully pecking his young charges.

It stands there twisting its head around and upside down as if it was a circus contortionist. (This is Tia's!) departments; she's the Mom of the bunch.

However, this raptorial rambler has brought a psychotic existence to "King," the cat and "Whities," the dog. (Melipone, Queen, Muse of tragedy takes over.)

Parents who are helping direct the program are Mrs. John L. Evans, Mrs. Floyd Wilder, Mrs. Marvin Davis, also Mr. and Mrs. Robert Stokes and J. C. Bowens, both parents acted as chaperones and several teachers were also present.

The school recreation council composed of a parent team and a boy and girl representative from each grade level was selected by the PTA and students by the Student Council. The school functions and aims

are to provide clean wholesome recreation for the students.

Shrubbery For Park Is Planned By Garden Club

Mrs. Henry Elfers was hostess to the South Bay Garden Club Friday night at her home. Mrs. R. W. Edwards, president presided.

Leaders In Cancer Crusade Announced

A number of Glades community leaders who will help direct the April Cancer fund campaign.

Plans which have just been announced by J. Alex Arnette who is serving as county chairman of the annual Cancer Crusade.

A superior is the highest possible rating on the scale which indicates excellent, good, fair and poor. Chorus was rated both in concert and sight-reading.

The Belle Glade group received a superior in both phases which enables them to compete in state competition which will be held in Tampa on April 18-19.

Numbers sung in the concert phase of competition were: Go Tell It On The Mountain and The Lord Is My Shepherd. Both of these numbers will be performed on the Spring concert to be held early in May.

Dr. Wiley Housewright of Florida State University commented, "This is a very well trained group and they are a credit to their school."

Hostesses Were Mrs. J. P. Halbrook and Mrs. Frank Friend.

Prison Escapes Given Additional Sentences

Two convicts were found guilty Mar. 12 by a six-man criminal court jury of escaping prison and taking and using a pistol on truck.

Douglas D. Carroll, 34, and Edward R. Bisig, were sentenced

by Judge E. G. Newell to one year and six months for the truck theft with the sentences to run concurrently.

Carroll, serving a 99-year term imposed from Dade County last year, and Bisig, serving three years for grand larceny in Hillsborough County, were both trustees at Glades State Prison Farm when they fled from the prison Dec. 27.

An interesting sidelight to the matter was Bisig's testimony that the pair became intoxicated on sugar cane liquor made by Negro prisoners at the prison farm.
